

Specifying DSI® Pressure Seal Valve Figure Numbers **CAST & FORGED STEEL**

(Flexible Taper Wedge and Parallel Slide Gate Valves, Straight and Y-Pattern Globe Valves, Swing Style and Tilt Disc Check Valves)

It's easy to specify DSI® Pressure Seal Valves. Just follow the example and use the figure number chart below to specify the valve you need.

Example:

Gear Operated, RF Flanged, Class 1500# Parallel Slide Gate Valve with full Stellite trim and C12A body.

Valve Type	Class	Fig No. for "D"
Gates	600	776
	900	773
	1500	777
	2500	787
Globes	600	7161
	900	7173
	1500	7179
	2500	7185
Checks	600	7165
	900	7177
	1500	7189
	2500	7199
